

City-wide Vernal Pool Management Plan Workshop

Thursday, October 16, 2008 ■ 2pm – 3:30pm ■ 9601 Ridgehaven Court, Auditorium

Please join us for the upcoming City-wide Vernal Pool Management Plan public workshop. The project, funded by U.S. Fish and Wildlife Service, is the culmination of a multi-year effort which included updated surveys for vernal pools and associated species, genetic research on San Diego and Riverside fairy shrimp, the Vernal Pool Inventory (City of San Diego 2004), and this management plan. This workshop will provide an overview of the document and its anticipated use, as well as a forum for feedback from workshop participants. The Draft City-wide Vernal Pool Management Plan is available online at: www.sandiego.gov/planning/mscp/vpmp.

**Staff contact: Betsy Miller - bmiller@sandiego.gov
Comment period closes November 14, 2008**

Environmental Services Department Ridgehaven "Green Building" Auditorium

Directions from North:

Go south on Interstate 15. Exit Balboa Avenue and travel west .5 mile to Viewridge Avenue. Go south (left hand turn from Balboa Avenue) 500 feet to Ridgehaven Court. Turn east (left hand turn) and travel to the end of the cul-de-sac, where the Environmental Services Department building is located. When entering building, go left to auditorium.

Directions from South:

Go north on Interstate 15. Exit Balboa Avenue and travel west .5 mile to Viewridge Avenue. Go south (left hand turn from Balboa Avenue) 500 feet to Ridgehaven Court. Turn east (left hand turn) and travel to the end of the cul-de-sac, where the Environmental Services Department building is located. When entering building, go left to auditorium.
